

Tuesday 5th May

Dear Diary

What lovely day I had today!

On Tuesdays I now go into school so in the morning I woke up very early! To begin with I was quite tired but a cup of tea helped me to wake up. Then I got in the car and drove to school. The roads were still very quiet. When I arrived school I said hello to some of the other members of staff so they knew I was in. After I started my calls to my class. I love ringing them because I miss them a lot and I get to hear all the different amazing things they have been doing at home. As quick as a flash I ate my lunch so that I was ready to start my shift with the children at school. In the afternoon we played lots of different games outside and ran about. I was exhausted after but enjoyed my shift and not being at home! At 6 o'clock I returned home and made myself a delicious dinner that was healthy and nutritious. A few hours later I tucked into bed with a creamy hot chocolate and relaxed by watching some TV.

Remember to include feelings, past tense and time adverbials in your writing

Examples of time adverbials you could use:

In the morning/afternoon/evening...

Next...

The next day..

A few hours later...

Challenge: Can you use a range of conjunctions like Miss Burnett has?

so but that because when if and
