

Hello everyone

Children have really enjoyed their learning about Black History week. Please come along on Monday afternoon to see what they have been up to. Next week there is also a Year 2 performance as well as a special 'hat walk' in Year 1. We would love to see lots of parents and friends at these events.

Last night I was very pleased to attend the Up Our Street 'Thank You' Awards. It was fantastic to see the Hannah More community so well represented! Both staff and children were presented with awards and there were many other friends of the school there too. Have a look in this newsletter for more information. Well done to the winners!

A group of parents ran a Cultural Competence training event at Engine Shed this week. I have already heard some fantastic feedback from other schools about this. I very much hope the group will continue to offer this specialist training.

I know some families have some special free tickets for the 'People's Tech' show at Engine Shed tomorrow. This looks like a fantastic opportunity to explore some of the very latest technology. I hope to see some of you there.

Have a lovely weekend.

Sue Ramsay, Headteacher

### **Year 2 Performance**

**Wednesday 24th October**

**Please arrive by 2:20pm**

### **BLACK HISTORY SHARING ASSEMBLY**

**Monday 22nd October**

**2pm - 3pm**

Our Year 5 & 6 Football team played their first match of the season this week and showed great team work and determination to win 3-2!

We now move on to round two of the coronation cup. Well done boys!

## ***Award Announcements!***

Well Done to Mr Schoner and Miss Skinner for their work with IntoUniversity which has meant the school has been nominated for the IntoUniversity Partnership Awards 2018!

### **UP OUR STREET 'THANK YOU'** **AWARDS 2018**

Lisa Starr and Khalif Noor were both presented with 'Education Hero' awards for their help and support to children and their families both in and out of school. Abdullahi, Sabrina, Siham and Yahye Hussein were all awarded 'Gardening Heroes' for their involvement in the Dings Community Gardening Group.

# What have we been learning?

Reception... This week we learnt our first sounds ("s", "a" and "t") and we enjoyed writing them with different writing tools inside and outside. Children have been given their first homework books. Ask them to write the sounds we have learnt this week and practise recognising the new tricky words. Please bring homework back on Monday.

Year 3... It's been a busy week in Year 3! Excitingly, we got to be archaeologists for an afternoon as part of our enquiry and learnt how we can find out about the past from things in the ground. Also, we learnt all about Rosa Parks and Martin Luther King and why they are so significant. Please read with your child at home and remind them to bring their book back to school to change on a Monday.

Year 5 ... It has been Black History Week at Hannah More and we have been looking at the slave trade. The children wrote discussions and found out about how slavery was abolished through the work of William Wilberforce. In maths we continued to use the column method for adding and subtracting as well as using this knowledge to solve problems. At home, read with your child and ask them about what they are reading at school at the moment.

Year 1... This week in Year 1 we learnt the story of Anansi as part of Black History Week. We also learnt about breaking numbers down using our part-part-whole method. Please read with your child, and complete their homework.

Year 2... This week we practised our acting skills and singing for our performance - 'People Who Help Us... The Musical!' It has also been Black History Week at Hannah More so we learnt about the role Rosa Parks played in the civil rights movement. Please practise addition and subtraction using the partitioning method with your child.

Year 4... This week year 4 have had an artist visit us to create something for black history week. We have learnt all about Nelson Mandela and the importance of working together for a greater future! At home, please collect recyclable materials and bring them in for our DT project on Monday!

Year 6... In maths, we learned to use the formal written method of long division. In English we wrote recounts based on the events of Beetle Boy. We also learned about the experience of migrants on the Windrush for Black History Week. At home, ask your child to teach you long division – make sure you're resilient! But don't worry – they know their stuff!
