

Hannah More Primary Termly Overview

Reader / Writer

Writing

The children will write a series of short, high quality writes this term based on different picture books or films. This includes:

A diary entry based on 'Gorilla' By Anthony Brown

A non-chronological report about dragons

Setting and character descriptions about the short text- 'La Lune et l'autres'

Reading

Y6 children will be focussing on reading for pleasure and choosing increasingly challenging novels as well as books of different genres. We will be reading individually and as groups.

Value of the term

Enjoyment

This means having fun both in the classroom and on the playground.

Mathematician

We will be working on different projects this term and re-cap some of the skills we have learnt this Year. This will also give us an opportunity to work in teams and apply maths to real life!

We will:

Create a Hannah More bakery by calculating costs, ratios, designing packaging and finally creating the products!

Create our Kestrel and Eagle Travel Agencies in which we practice budgeting, percentages and solve time problems

Work through a 'Futures' project where the children learn about money in real life- this includes learning about mortgages, bills, setting budgets and how to manage money as they approach secondary school!

Experiences

We will visit 'Science Creates' on the first week of term to learn about DNA extraction

We will have 3 visits from the Malcolm X Elders group to learn about Windrush

We will be visited by Travelling light to aid us in our performance

Enquiry

Year 6 have two enquiries this term including:

'How do things move?'

In this enquiry we will be scientists and designers. We will be:

- Learning about cogs, levers and pulley systems
- Coding crumble boards to make moving objects

'What goes on behind the scenes?'

This is our production for this term. We will be writing a play based on our favourite text from this term- 'The Adventures of Odysseus'. We will be giving it a modern twist and are very much looking forward to impressing everyone with our acting skills!

We will be working alongside Travelling light – a theatre company- to help support our production.

Don't forget...

- Swimming is on Thursdays- please remember your kit
- PE is also every Thursday- you can wear your kit all day
- Spelling tests will be done on Thursdays
