

Hello everyone

This week we are celebrating the **EXCELLENT** SATs results achieved by our Year 6 children. There has been a significant improvement in every area – reading, writing and maths. 73% of children achieved the ‘expected standard’ in reading, which is in line with the national average. 24% of these children achieved ‘greater depth’, which means they are working well above the national standard. For writing, the figure is higher – 75% of children are at the ‘expected standard’ with 16% working at ‘greater depth’. Maths is better still, with 76% of the year group achieving the ‘expected standard’ and a whopping 31% of children doing better than the national average – up from just 4% last year.

Our results in other year groups have also improved, so we are celebrating across the school. **WELL DONE** - and thank you to all our children, as well as our wonderful staff team and all our fantastic volunteers - for such a good year of learning.

Another big **THANK YOU** to everyone who helped with the summer fair, especially teachers who ran lots of different activities, mums who cooked delicious food, Burges Salmon volunteers who helped in all sorts of ways - and of course our PTA as well. It was lovely to welcome We The Curious with their boat-sinking activity and APE project with their spin-art bike, as well as lots of other activities. I hope everyone had a lovely time!

Have a lovely weekend - come to the Harbour festival to see Year 3's boats if you can!
