LO: to calculate the perimeter of a rectangle.

1.) Work out the perimeter of each rectangle

$$\square \text{ cm} + \square \text{ cm} + \square \text{ cm} + \square \text{ cm} = \square \text{ cm}$$

b)

$$\square \text{ cm} + \square \text{ cm} + \square \text{ cm} + \square \text{ cm} = \square \text{ cm}$$

c)

$$\square \text{ cm} + \square \text{ cm} + \square \text{ cm} + \square \text{ cm} = \square \text{ cm}$$

2.) Work out the perimeter of each rectangle

a)

b)

c)

d)

CHALLENGE

Each lolly stick is 8 cm long.

Find the perimeter of the shape.
