Look carefully at this picture called '*The Creature from the Deep*'

## **Question time!**

Where do you think the creature has come from?

What do you think it usually eats?

Why do you think it has come up to the surface?

What do you think its feelings are towards humans?

Is it possible that there are sea creatures as big as this one lurking in our waters?

## **Perfect picture!**

Imagine the creature is out of the water. Can you draw or describe what its entire body looks like?
