Mrs W's Maths 20
Rounding decimals REVISION part 2

Can you remember whether we round up or down when the last digit is a 5?

"We had decimals today and I think they've followed me home!"

1 So, what is 25 rounded to the nearest 10? _____
    What is 45 rounded to the nearest 10? _____
    What is 95 rounded to the nearest 10? _____
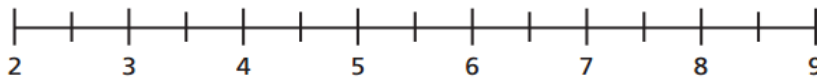

2 Round these decimals to the nearest whole number

| 2.3 | → | | 4.9 | → | |

| 6.7 | → | | 8.5 | → | | 12.5 | → | |

```
├──┼──┼──┼──┼──┼──┼──┼──┼──┼──┼──┼──┼──┼──┤
2     3     4     5     6     7     8     9
```

3 Which of these numbers **round up** to the nearest whole number?
   Circle your answers.

       4.1   2.8   0.7   12.3   0.5   99.3   6.6   78.5   95.2

4 Which of these numbers **round down** to the nearest whole number?
   Circle your answers.

       3.8   5.5   0.2   18.1   0.5   99.9   43.7   82.2   10.1

5   Round these decimal numbers to the nearest whole number.

| 1.8 | → | | 13.7 | → | |

| 4.2 | → | | 20.1 | → | |

| 0.9 | → | | 45.8 | → | |

| 1.5 | → | | 94.5 | → | |
