

Time adverbials

Date

Monday 23rd March 2020

Dear Year 2,

What a busy weekend it has been!

First person (I, we)

On Saturday, I had a delightful lie in because I was extremely tired after such a long, challenging week at work. Then I raced to the shops so I had something to eat in my fridge! Luckily, I brought lots of yummy, delectable food. Later that day, I helped my lanky Scottish housemate pack his things to move house. I was quite tearful because we are good friends but I know we will stay in contact!

feelings

Past tense

On Sunday, in the afternoon, Miss Ellison Smith and I visited school together to film our spelling video! It was very strange to not have you all there! We're looking forward to seeing who will have the neatest handwriting when you copy out your spellings. How much we miss you all!

Miss Burnett

Sentence starters you could use:
