

Miss Burnett's Example

I can see metallic robots marching down the roads. I can see a crumbled building. I can see a blazing fire. In the messy road I can see some uniformed men stood. The sky is cloudy with smoke.

When I look around I can see towering, metallic robots marching down the roads. In the distance I can see gigantic, crumbling and destroyed buildings. I can smell smoke from the ferocious blazing fire. In front of the stony buildings uniformed men stand calmly.

I think _____ is better because...
