Can you help me with my day by deciding if I need to **add or take away**?

There are 24 slices of bread in the bag.

I eat 3 slices for breakfast.

How many slices of bread are there left in the bag?

$$24 - 3 = 21 \text{ slices}$$

I have 48 books in my bookcase. I buy 17 new books.

How many books do I have in total now?

$$48 + 17 = 65 \text{ books. Lucky me!}$$

I stroke my cat for 27 minutes.

After lunch I stroke her for 34 minutes more.

How many minutes do I spend stroking her?

$$27 + 34 = 61 \text{ minutes (or 1 hour and 1 minute)}$$

There were 63 flowers in my garden. 24 died over the winter.

How many flowers do I have left?

$$39 \text{ flowers. Hopefully more will grow back!}$$

I had 37 pens. I lost 18 of them. Then I found 2 of them.

How many pens do I have now?

$$37 - 18 + 2 = 21 \text{ pens. I hope I can find the rest!}$$
