

Wednesday – Setting Descriptions

You have chosen your character, so now where is the character going to be? Choose a setting! Miss Burnett's lion is going to be in a Savannah. First draw your setting and label what you can see **with adjectives!** Then can you use these to write sentences? Try to use the **sentences starters** given below.

Example

In the distance there are **scattered, sweet** acacia trees with **prickly** thorns. Next to the trees are **arid, withered** plants that sway softly. **When you look around** there are **vast, flat** plains. Above the **grassy** plains the sun blazes **as hot as fire**.

Sentence Starters:

In the distance

When you look around

As you walk through the _____

Behind/In front of/Under/Above the _____

If you listened/looked carefully

Challenge: Can you use a **similie** in your setting description like Miss Burnett has done? (see the purple writing above for the similie!)
