

Thursday – story map

Can you draw 6 pictures which tell the story of the Robot and the Bluebird? You can watch the video and read the story to remind yourself what happens. Remember:

1. Fill in the first box with what happens right at the beginning of the story.
2. Then fill in the last box with what happens right at the end of the story.
3. Then you can fill in the middle boxes in order.

1.	2.
3.	4.
5.	6.

The diagram shows a 3x2 grid of boxes. The boxes are numbered 1 through 6. Blue arrows with red outlines indicate the sequence of events: a horizontal arrow from box 1 to box 2, a vertical arrow from box 2 down to box 3, a horizontal arrow from box 3 to box 4, a vertical arrow from box 4 down to box 5, and a horizontal arrow from box 5 to box 6.
