Thursday

Circle or draw the correct coins in your books to make the amount given.

56p

67p

94p

4) Which is the odd one out?   The odd one out is ... because

A	B	C	D
23p = 20p, 2p, 1p	25p = 20p, 5p	28p = 20p, 8p	30p = 20p, 10p

Make these amounts with coins. Use real coins to help you if you are stuck! Draw/write the coins you used.

5) 11p = _____

6) 17p = _____

7) 32p = _____

8) Match the amounts that are equal.

9) Miss Burnett says ...

Do you agree? I agree/disagree because...

I have 43p in all silver coins.
