

## Thursday

We are going to rewrite and upscale some sentences with more ambitious, interesting words. Can you think of better **synonyms** for the words in red? Remember synonyms are words that have the same meaning for example: big, massive, enormous, huge.

- 1) Right in the middle was a **small** house, with **small** windows.
- 2) It **grew** leaves.
- 3) All day the old man **walked** through the silence.

Can you think of more than one synonym for each word?

“In the house lived an  
**old** man.”

- 4) Can you come up with 5 better adjectives than **old** to describe the man? It can be any adjective.

 Can you use the power of three in a sentence to describe the old man?
