

Friday

Make sure you look carefully at whether it is add or subtract!

$$40 + 30 = 70$$

$$55 + 40 = 95$$

$$91 - 60 = 31$$

$$6 + 2 + 5 = 13$$

$$9 - 4 - 1 = 4$$

$$9 + 8 - 3 = 14$$

$$10 - 6 + 4 = 8$$

$$38 + 27 = 65$$

$$91 - 54 = 37$$

$$53 - 45 = 8$$

$$\star 78 + 31 = 109$$

$$\star 41 + 24 + 37 = 102$$

Miss Ellison-Smith thinks she has the biggest number and Miss Burnett thinks she has the biggest number.

Who do you agree with?

We are both correct as we both have the same number!

$$38 + 26 = 64 \text{ and } 76 - 12 = 64.$$
