

Remember:

$$\begin{array}{l} \underline{\quad} + 2 = 5 \\ 2 + \underline{\quad} = 5 \\ 5 - \underline{\quad} = 2 \end{array} \left. \begin{array}{l} \text{Take away!} \\ \rightarrow 5 - 2 = 1 \end{array} \right\}$$
$$\underline{\quad} - 2 = 3 \rightarrow \begin{array}{l} \text{Add!} \\ 2 + 3 = 5 \end{array}$$

$$2 + \underline{\quad} = 7$$

$$\underline{\quad} - 3 = 3$$

$$7 - \text{★} = 1$$
$$\text{★} + 10 = 20$$
$$\text{★} - 60 = 30$$
$$45 + \text{★} = 80$$
$$72 - \text{★} = 63$$
$$\text{★} + 54 = 97$$

I think the missing number is 30. What mistake have I made?

$$\text{★} - 20 = 50$$

The mistake is...
