

Wednesday 3rd June - English

Click the link in the blog to read the text on all about bears.

Now try to answer these questions. They are in 3 different sections, which get harder each time. Try to at least complete sections 1 and 2. Do section 3 if you can!

Section 1

1. What do American Black Bears mainly eat?
2. What is a Sloth Bear's favourite food?
3. Where do Brown Bears live?
4. When will Brown Bears hunt small animals?
5. Where do Moon Bears like to spend their time?

Section 2

1. Which two adjectives have been used to describe the fur around the Moon Bear's neck and shoulders?
2. Why can American Black Bears run as fast as a car?
3. Why do some people call Sloth Bears 'honey bears'?
4. What do Brown Bears use their sharp claws for?
5. During which time of the year do Brown Bears hibernate?

Section 3

1. What phrase is used to describe how Sloth Bears eat termites?
2. Which part of their body do Brown Bears use to help them dig up roots?
3. What simile is used to describe the fur on a Moon Bear's chest?
4. Which two physical activities are American Black Bears good at?
5. Name one thing all the bears have in common.

 Challenge: Draw your own animal and write a fact file about it. Include some questions to go with it for someone else to answer.
