Alien Invasion!

Your task today is to write a newspaper article about an alien invasion.

Choose one of the pictures to inspire you, and pretend you are a news reporter writing about what has happened.

Remember to include:

- A headline (to catch the reader's attention)
- Information about what happened, where and when

★ You could also include:

- Quotes (speech) from someone who was there at the time and what they saw
- Quotes (speech) from a space expert or someone who studies aliens
- Some made up facts that contain numbers, for example the number of people who saw it or how large the spaceship was
