

Mo uses a number line to work out  $7 \times 34$

Level  
**2**

What mistake has Mo made?

What should the number line look like? Draw it here.

Here are 6 multiplications.

Level  
**3**

- |               |               |               |               |               |               |
|---------------|---------------|---------------|---------------|---------------|---------------|
| $4 \times 59$ | $3 \times 33$ | $5 \times 36$ | $9 \times 32$ | $7 \times 21$ | $6 \times 25$ |
| A             | B             | C             | D             | E             | F             |

Which of the multiplications would you calculate mentally?

\_\_\_\_\_

Which of the multiplications would you use a written method for?

\_\_\_\_\_

Now complete the calculations in your book.
