How to put on a coat

You will need:

- Coat

- Hands

- Arms

- Yourself

Instructions:

1. Find your coat from the coat hook and pick it up.

2. Put one arm through one arm hole.

3. Then do the same thing with the other one.

4. Join the zip up at the bottom and pull it all the way up, especially if it is cold!

5. If it's raining, make sure your hood is up.

6. Now you are ready to go outside without getting cold!
