

Monday – Week 7

Adding Fractions

Level 1

Work out the answers to these fraction additions. Remember you need a common denominator and it might make a mixed number!

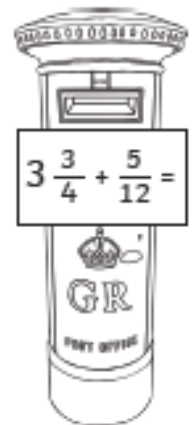

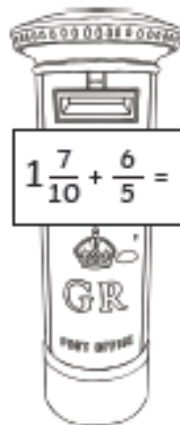

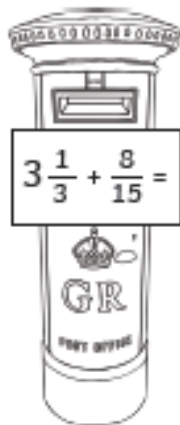

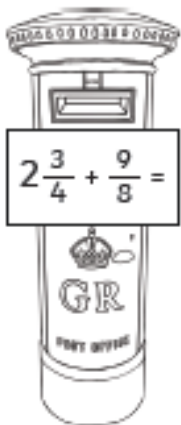

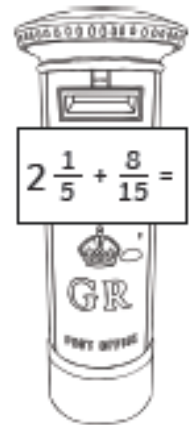

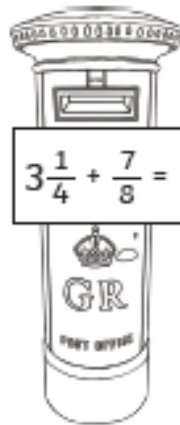

(Find the postcard with the answer on if you need help.)

$1\frac{12}{15}$		$2\frac{5}{12}$		$1\frac{3}{10}$		$2\frac{7}{8}$		$1\frac{11}{12}$		$1\frac{9}{10}$		$2\frac{6}{15}$		$2\frac{1}{8}$	
------------------	--	-----------------	--	-----------------	--	----------------	--	------------------	--	-----------------	--	-----------------	--	----------------	--

Level 2

Add the mixed numbers. Again answers on the postcards below.

$\frac{41}{15}$	
_____	_____
_____	_____

$\frac{50}{12}$	
_____	_____
_____	_____

$\frac{33}{10}$	
_____	_____
_____	_____

$\frac{31}{8}$	
_____	_____
_____	_____

$\frac{35}{12}$	
_____	_____
_____	_____

$\frac{29}{10}$	
_____	_____
_____	_____

$\frac{58}{15}$	
_____	_____
_____	_____

$\frac{33}{8}$	
_____	_____
_____	_____
