

Wednesday – Week 4

Writing – based on chapter 21

Your task today is to write an explanation or set of instructions about how to catch fish in the jungle.

You will need to either use numbered points or time connectives (first, next, after that) to show the order of events. Try to include some reasons why you need to do it in a certain way. Start with making the spears using the bird intestines/guts, using fire to see the eyes by holding your torch low and be specific about how to jab the spear to stab the fish. You also need to explain how to thread the fish to carry them home. You could add a labelled diagram to help make your points clearly.

Word Bank:

Spear	intestines	fire	string	stick	wood
torch	light	eyes	red	glow	
jab	flash	sharply	quickly	stab	wriggling
thrashing	fish		string	pierce
